

HYC-639

Pharmacy Refrigerator

Scope of Application :

Designed for clinical and pharmaceutical use, applications include pharmacy, pharmaceutical production and supply chain, public health, hospital and primary care. Suitable for storage of biological products, pharmaceuticals, medicine and vaccines at a temperature between 2-8°C.

Innovative Design

- Energy efficient
- Multiple alarms
- Safe and reliable
- Excellent temperature uniformity
- Quiet

Qingdao Haier Biomedical Co.,Ltd.

Product Advantages

Energy Saving

Features include 70mm thick foam layer and optimized refrigeration system which reduces power consumption.

Environmentally-friendly

HC refrigerants do not contain chloride or fluoride and have a GWP of just 3. CFC-Free insulation meets European ROHS directives for additional environmental protection.

Excellent Temperature Uniformity

Designed with finned evaporator and double fan system for forced air cooling to provide a uniform temperature of $\pm 2^{\circ}\text{C}$.

Multiple Alarm for Safe and Reliable Operation

Equipped with upper display sensor, lower display sensor, defrosting sensor, control sensor, ambient temperature sensor, hot condenser sensor.

Typical Performance Characteristics in 32°C Ambient Temp.

Cool down curve

Stability curve

— Internal Temperature
— Ambient Temperature

Product Details

- **Microprocessor control system**

Microprocessor electronic temperature controller, LED temperature display, display precision is 0.1°C

- **Porthole**

Standard equipped with a porthole, convenient for users to test or insert probes for remote monitoring

- **Temperature records for compliance**

Standard USB
Optional printer, RS485 interface, etc

- **Casters and leveling leg design**

Standard with 4 universal casters and 2 height adjustable feet to ensure ease of movement and stability

- **Thermally efficient insulation**

70mm thick foam layer to reduce energy consumption and improve cabinet performance

- **Security lock**

Equipped with safety lock with 2 keys to prevent unauthorized access to ensure product safety

- **Cabinet construction**

The liner is sprayed steel plate for easy cleaning

- **Internal configuration**

Supplied as standard with 4 shelves

*Optional: stainless steel liner, printer, RS485 interface.
